

The 51st International Conference on
Electron, Ion, Photon Beam Technology and Nanofabrication
www.eipbn.org

*Adam's Mark Hotel, Denver, Colorado
May 29th – June 1st*

Affiliates Program

Commercial session

The EIPBN meeting opens with the commercial session, at which conference attendees have the opportunity to become acquainted with your company and products, meet your representatives, and view company information of all kinds. The setting is informal, with refreshments served. In contrast to previous years, the meeting space at the Denver Adam's Mark Hotel has ample opportunity for companies to maintain an extended presence throughout the duration of the conference. Therefore we are offering two sets of commercial session packages.

Package 1: Regular Commercial Session

Tuesday, May 29: 2 pm – 9 pm
Wednesday, May 30: 8 am – 5 pm

The session on the 29th will overlap with the welcome reception which will be held in the same space as the commercial session.

- | | |
|---|-----------------------|
| 1) Standard (10 x 10 feet booth, one 4 x 8 feet poster, mountings provided) | Cost: \$ 900 |
| 2) Large (10 x 20 feet booth, two 4 x 8 feet posters, mountings provided) | Cost: \$ 1,200 |

Package 2: Extended Commercial Session

Tuesday, May 30 – Friday, June 1

Following the regular commercial session companies choosing this package will have the option to extend their stay throughout the conference. Two options are offered,

Extended Commercial Session Booth - includes 10 x 20 feet booth, 10 x 10 feet booth available upon request, Tues. May 29 – Fri. June 1 **Cost: \$ 1,800**

Extended Commercial Session - private room adjacent to commercial session, Tues. May 29 – Fri. June **Cost: \$ 2,400**

Companies choosing option (2) will have the ability to bring products for demonstration purposes (pending certain limitations), or to conduct more extensive discussions with prospective customers in private.

Reservations can be made using our web site, www.eipbn.org, or by contacting the [Conference Chair](#) or a member of the [Commercial Session Committee](#) (contact information below). Please let us know if you require special equipment or arrangements.

Corporate sponsor

EIPBN has a long tradition of corporate support. Indeed, we rely on the generosity of our corporate affiliates to help us provide a first-rate conference. Corporate sponsors' names are displayed prominently on our web site, in our mailings, and throughout the conference. Our electronic mailing list has recently expanded to include over 7,000 unique email addresses covering North America, Europe and Asia. The logo of sponsors will be attached to all official conference emails distributed using this list.

Contributions are at your discretion. Two standard programs are available. In addition we are offering two special sponsorship opportunities this year.

Corporate Sponsor (sponsor a coffee hour or other event)	Donation:	\$ 2,500
Corporate Benefactor (sponsor a major conference event)	Donation:	\$ 5,000
Naming rights to the lanyard distributed to all conference attendees	Donation:	\$ 10,000
Naming rights to the abstract book distributed on a USB memory stick	Donation:	\$ 10,000

Student support

EIPBN has always endeavored to provide support for significant number of students to attend the conference. This not only provides the students with exposure to a scientific meeting of outstanding quality but also offers prospective employers a first opportunity to meet promising young scientists. Presenting a conference paper is a momentous occasion for a student – many of us remember our first published paper (perhaps not without some relief!). In addition to the informal opportunities to meet with students during the sessions, the conference provides a job forum, of benefit to students and prospective employers alike, through the student breakfast. At this, students have the opportunity to meet with professionals from industry, academia, and government. All students and student sponsors are invited to the breakfast. The students also provide assistance at the technical sessions, and other conference functions. The special conference rate offered to students is made possible by your contribution.

Student support	Donation:	\$ 2,500
